foundation

TO THE COMMUNITY

In 2021, Aspen Community Foundation, along with so many others in our region, continued to navigate the challenges of the COVID-19 pandemic. For the nearly 90,000 people living from Parachute to Aspen, recovery has been uneven. Some individuals and families have been able to return to almost normal lives while others are still impacted by economic uncertainty, health worries, and social isolation. The frenetic pace of 2020's disaster response has lessened but not gone away.

The community has continued its remarkable response to the pandemic. Nonprofit partners have been able to meet the higher demand for services. Collaboration among government, nonprofits, and philanthropy has never been stronger. And the generosity of donors remains strong, ensuring that individuals and families have support and resources.

Because of the contributions of hundreds of donors, ACF was able to distribute \$17 million in grants from donor advised funds, community grantmaking, and scholarship funds. This generosity supported nonprofit organizations that provide housing assistance and food for individuals and families, mental and physical health care, youth academic and enrichment programs, childcare and family services, and environmental stewardship.

None of this work is possible without committed Board members, a capable professional team, and dedicated community partners from every sector. We extend a special thank you and deep appreciation to the donors who do not waiver in their support for the community through ACF.

Together we will continue to build a strong, resilient and just community so all who live here can thrive.

With deepest gratitude,

Allen Grossman
Board of Directors Chair

Tamara Tormohlen
Executive Director

ABOUT ACF

Aspen Community Foundation builds philanthropy and supports nonprofit organizations by connecting donors to community needs, building permanent charitable funds, and bringing people together to solve community problems.

Since its founding in 1980, ACF has worked with hundreds of donors to provide millions of dollars in funding to dozens of nonprofit organizations in the Aspen to Parachute region helping children and families thrive. Through its broad perspective of the region, and depth and breadth of knowledge of community trends, issues and needs, ACF is able to direct funding where it will have the greatest impact.

Throughout its history, ACF has convened local organizations and leading stakeholders to identify regional needs and implement effective solutions. In 2012, ACF launched Cradle to Career to address the achievement and social emotional gaps among the region's 20,000 children caused by the socio-economic inequities. With the COVID-19 pandemic, ACF has led community response efforts to help individuals and families impacted by the crisis. Both these efforts include working with government, nonprofits and schools to coordinate assistance and outreach, engaging donors to support needs, and disbursing funding to nonprofit organizations providing critical services.

2020-2021 PANDEMIC RESPONSE

PANDEMIC RESPONSE

Aspen Community Foundation's leadership of pandemic response efforts continued uninterrupted throughout 2021. Through the generosity of donors, more than \$9.7 million was contributed to help those impacted by economic uncertainty, health worries, and social isolation. Throughout 2020 and 2021, \$9.2 million was granted to dozens of nonprofit organizations, health and human service agencies, school districts, food pantries, and others that helped families navigate the prolonged uncertainty. These collective efforts resulted in support for nearly 12,000 households, more than 3,000 people each week accessing food and other supplies, and hundreds more receiving legal aid, physical and behavioral health care, domestic violence support, and other services.

As we approach the two-year mark of when COVID-19 emerged in the Aspen to Parachute region, the frenetic pace of disaster response has lessened but not gone away. ACF remains invested in ensuring that individuals and families, particularly those who remain disproportionately impacted by the pandemic, can access the support they need to thrive.

Garfield 16 School-Based Family Resource Center

Food Bank of the Rockies

2020 RESCUE FUND

Philanthropists Jerry Greenwald, Bob Hurst, and Melony Lewis created the 2020 Rescue Fund to help individuals, families, nonprofits, and small businesses severely impacted by the health and financial crisis. Throughout the pandemic, significant funding was directed to local social service nonprofits that provided essential humanitarian assistance during the crisis and to local businesses helping them weather the shutdown. Throughout 2020 and 2021, a total of \$5,144,511 has been contributed and \$5,018,593 has been granted to 28 nonprofit organizations and agencies and 26 businesses.

PANDEMIC RESPONSE

COVID-19 REGIONAL RESPONSE FUND

ACF created the COVID-19 Regional Response Fund to receive contributions from donors and local governments who wanted to support the immediate and long-term needs of those impacted by the pandemic. Funds were granted to nonprofit organizations providing economic assistance, food distribution, and other essential services such as legal aid, domestic violence support, childcare, and medical and behavioral health care. Throughout 2020 and 2021, a total of \$2,724,933 has been contributed and \$2,394,514 has been granted to 42 nonprofit organizations and agencies.

BRINGING BACK BASALT FUND

Early in the pandemic, community members were worried about the ability of our region's small businesses, particularly restaurants, to weather the loss of income from the shutdown and economic downturn. Donors Sandy and Ed Calesa established the Bringing Back Business Basalt Fund in 2020 to support the small business community in the mid-valley. The fund provided \$96,000 in grants to 14 restaurants located in the Town of Basalt.

PITKIN COUNTY PARTNERSHIP

Aspen Community Foundation was pleased to be a philanthropic partner with the Pitkin County government to provide humanitarian aid to individuals who live and work and businesses that operate in Pitkin County. ACF received \$1.8 million from the County's CARES Act funds for three impact areas: economic assistance for individuals and families, financial aid for businesses, and operational support for a community-based resource navigation program. \$400,000 was allocated to nonprofits providing direct assistance to help Pitkin County workers with housing expenses. \$1,264,000 was disbursed to 100 locally owned businesses operating in the County that were adversely affected by COVID-19. \$100,000 was allocated to help launch a regional navigation program to connect people continuing to experience financial stress with organizations and agencies that provide economic assistance.

PANDEMIC RESPONSE DONORS

The generosity of donors throughout 2020 and 2021 to our pandemic response funds has allowed ACF to remain responsive to the rapidly changing needs of the community. This list of donors recognizes all who have contributed to these efforts.

2021 ANNUAL REPORT

CONTRIBUTIONS AND ADDITIONS

Each year, the generosity of donors and other contributors enables Aspen Community Foundation to continue its work to build philanthropy, support nonprofit organizations, and make lasting change in the community through its Cradle to Career leadership. In 2021, a total of \$28 million was contributed to Cradle to Career, community grantmaking, direct assistance, field of interest, donor advised, scholarship, organization, and designated funds.

CRADLE TO CAREER

ABOUT CRADLE TO CAREER

Since 2012, Cradle to Career has provided a platform for community partners in the Aspen to Parachute region to work together to improve youth outcomes. By aligning activities around a set of agreed-upon goals, using metrics to make decisions and determine progress, and identifying and implementing best practices, the organizations and individuals working on Cradle to Career have improved outcomes for children throughout the region.

In its role as backbone, Aspen Community Foundation convenes stakeholders to explore effective approaches, gathers and shares data, supports collaborative action, and mobilizes funding to help children and their families thrive.

Cradle to Career is comprised of four focus areas representing the multi-pronged approach needed to “level the playing field” for many of our low-income and under-resourced youth and families.

1. **Secure the Start** – supporting the healthy development and kindergarten readiness of children, prenatal to age five.
2. **Envision the Future** – supporting the academic success and college and career readiness of students, kindergarten through 12th grade.
3. **Thriving Youth** – supporting the social emotional wellbeing, health, and resiliency of children and families.
4. **Safety Net** – supporting basic human needs and a more just and resilient community.

Aspen Youth Center

ABOUT CRADLE TO CAREER

SECURE THE START

During the first five years of life, children whose development is nurtured and who are cared for in safe, enriching environments are more likely to be successful in school and life. Secure the Start partners are focused on supporting healthy development and kindergarten readiness by increasing home visits to at-risk parents, boosting the quality of family, friends and neighbor care, expanding access to licensed childcare, and developing local sustainable funding for early education.

ENVISION THE FUTURE

Everyone should have the opportunity to live a life of fulfillment and economic independence. In today's economy, this requires education or specialized training beyond high school. Before they pursue college or career technical education, students need academic and noncognitive skills, opportunities to explore career options and support to plan for and enroll in a postsecondary program. Envision the Future partners are working to ensure that students are successful in school and graduate ready for college and career by providing out of school time academic and enrichment programs, career exploration and experiential learning opportunities and postsecondary planning and support.

THRIVING YOUTH

Nurturing the physical, mental, and social-emotional wellbeing of youth helps them develop healthy self-esteem, be successful academically, engage in their community, and find fulfillment in life. Thriving Youth partners are focused helping youth develop social and life assets for success and happiness by increasing access to physical and behavioral health care for youth and families, providing interventions and support for at-risk youth, and addressing equity and inclusion so that youth feel safe and supported.

SAFETY NET

Supporting youth success goes beyond educational strategies. The conditions in which youth and families live, learn, work and play affect a wide range of health and quality of life outcomes. Safety Net partners are working to strengthen essential human services such as food security and emergency financial assistance, support immigrant families to connect with community, and create a regional plan to increase the community's capacity to prepare for, respond to, and recover from future disasters.

CRADLE TO CAREER DONORS

Contributions to Cradle to Career sustain ACF's work to build a region of thriving youth and supported families. Cradle to Career supports collaborative projects, capacity building, and nonprofit organizations to fill gaps and scale services, data collection, and research to inform decision-making and track progress toward outcomes, and facilitation of stakeholder networks.

CRADLE TO CAREER GIVING NETWORK

In 2016, Aspen Community Foundation created the Cradle to Career Giving Network with the support of Laura and Gary Lauder. The Network provides the unique opportunity for philanthropists to not only make a difference in the lives of children and their families in the Aspen to Parachute region, but also to learn more about the region among peers. Each member contributes a minimum of \$5,000 annually. Since its inception, more than \$1,000,000 in Giving Network investments have advanced youth outcomes in kindergarten readiness, youth social and emotional wellbeing, and post-high school success.

Members of the Cradle to Career Giving Network convene several times a year to learn from experts and practitioners working directly with the region's youth and families, review data, and explore challenges facing the region. Collectively, they participate in peer conversations to discuss promising solutions and engage with nonprofit organizations. Annually, these conversations and collective learning opportunities culminate in group decisions on how and where to allocate the pooled funds to create the most impact.

We participate in the Giving Network because it allows us to impact a community which we love by doing more than simply writing a check - we get to learn about the issues that are affecting our community and then have a real voice in how our donated funds are allocated.
- Esther and Craig Navias

The Network's Chair, Ramona Bruland, joined initially to learn more about the issues impacting the lives of children in the region. She has been struck by the camaraderie within the group along with the depth of philanthropic experience fellow members bring and the ease of participation in impactful philanthropy the Network provides. She says, "Everyone is so busy that taking on something else can feel overwhelming, but the Giving Network provides easy access to compassionate philanthropy, connection to peers and is extremely rewarding."

The Cradle to Career Giving Network continued to learn about the significant impacts the pandemic has had on student mental health, wellbeing and achievement, and overall family stability. In response, the members elected to support organizations playing critical roles supporting youth and families as they navigated the economic, social emotional and educational impacts of COVID-19. This included the region's four family resource centers, and nonprofits providing school-based mental health services, parent education and coaching, and bilingual/bicultural therapy.

Supporting the valley community is important for all residents. Having the professionals at ACF assist in vetting various agencies gives the Giving Network assurance that the dollars we direct are well placed for impact. - Gail Engelberg

Ramona Bruland, Gail Engelberg, Barbara Gold

ULTIMATE SKI PASS

Skiing has been woven into the fabric of Aspen Community Foundation since its inception. Throughout our 41 year history, Aspen Skiing Company and Aspen Community Foundation have partnered to blend philanthropy and recreation. Each year, Aspen Skiing Company has donated ski passes to support ACF's fundraising efforts. This partnership has evolved throughout the years to reflect shared goals and respond to immediate community needs.

Since 2012, the Ultimate Ski Pass program has supported ACF's Aspen to Parachute Cradle to Career. This initiative is dedicated to improving the lives of children in our community. The generosity of Ultimate Ski Pass donors and Aspen Skiing Company has enabled ACF to innovate and serve community needs in real-time. Over the years, contributions have supported and aided in the creation of programs that directly benefit children and their families, such as the Preschool on Wheels program and placing college and career counselors in each of the region's nine high schools through the Post High School Success project.

In 2021, the \$550,000 contributed by Ultimate Ski Pass donors provided operating support to youth-serving nonprofits and backbone support for Cradle to Career.

This innovative program offers a unique opportunity to blend one's passion for skiing with high-impact philanthropy. It is the only ski pass of its kind and offers unlimited skiing, uphill and exploring at all four Aspen Skiing Company mountains. Additionally, this pass is completely transferable allowing holders to share its benefits with friends and family.

Given the option of holding a donor fund between ACF and a strictly financial institution, choosing ACF was, for us, the obvious preference. Why deal with a faceless organization, when there is an option to go "where everybody knows your name?" Television tunes aside, ACF gives us the opportunity to support nonprofits from Aspen to Parachute, and simplifies the giving process, nationwide. – Karen Lord

GRANTMAKING

GRANTMAKING DONORS

ACF prioritizes efforts to increase the wellbeing of children and families and expand opportunities for all to live healthy, enriched, independent lives. Through the generosity of donors, ACF's grantmaking supports and strengthens nonprofit organizations that serve children and families and provide essential human services. ACF ensures long term support through designated funds, assuring donors that funds earmarked for the future are invested wisely and disbursed appropriately. Our impact also extends to helping individuals access mental health services and assisting those who experience temporary financial hardship.

GRANTMAKING FUNDS

Community Grantmaking Fund

Throughout its history, ACF has supported organizations addressing the spectrum of needs throughout the Aspen to Parachute region. By prioritizing areas of greatest need, holistic approaches, measurable results and collaboration, ACF's investments create a stronger civic and community vitality. This fund provides grants to nonprofit organizations on an annual basis.

Early Childhood Fund

The first five years of a child's life are a time of extraordinary brain development that shapes cognitive and social-emotional growth. High quality, enriching early childhood experiences during this crucial time are vital to ensuring that children have a positive start in life. This fund supports parent education, preschools, and early literacy programs.

Emergency Assistance Fund

Despite the perception of abundance, many in the Aspen to Parachute region struggle to provide for themselves and their families. Many in our community do not earn enough to meet basic needs such as housing, childcare, food, healthcare, and transportation. This fund supports organizations and agencies that help individuals and families who are experiencing financial hardship.

Environment Fund

ACF addresses the interconnectedness of place, people, and quality of life by partnering with Aspen Skiing Company's Environment Foundation to match Aspen Skiing Company employee contributions.

Gap Fund

Established in 2019, the Gap Fund's mission is to improve the lives of individuals and families in the Aspen to Parachute region by providing financial assistance to fill the gap between available resources and expenses.

Mental Health Fund

Individuals and families in our region experience mental health challenges brought about by geographic isolation, seasonal and low-wage jobs, instances of substance abuse, and some of the highest health insurance premiums in the country. This fund provides assistance to individuals and families who are in need of mental health services but can not afford to pay the full cost.

Quality of Life Cancer Fund

A cancer diagnosis can cause financial hardship for patients and families due to decreased income and treatment-related costs. Expenses such as household bills, travel for treatment, and childcare, for example, take a further economic toll on families. This fund provides financial assistance to patients, survivors, families and caregivers to help mitigate this burden.

Seniors Fund

This fund addresses quality of life issues affecting seniors from Aspen to Parachute. The fund supports access to health and wellness, basic needs, living environments and other factors that impact one's quality of life and ability to age in place.

SCHOLARSHIPS

SCHOLARSHIP DONORS

Aspen Community Foundation holds scholarship funds that provide tuition assistance to graduating high school seniors and returning college students. These funds support students from diverse backgrounds with varying college and career paths, including first generation college attendees, low-income students, and those pursuing technical certification and apprenticeship training. In 2021, scholarship funds granted \$227,500 to 126 students.

SUPPORTING ACF'S MISSION

ACF accepts many kinds of donations including cash, publicly traded securities, real estate, life insurance policies, artwork, and various other appreciated assets. Donors are invited to support Aspen Community Foundation's mission through a variety of partnership options.

Establish a Fund

Donors may establish a donor advised, field of interest, scholarship or designated fund that can be tailored to fit specific interest areas. Donor advised funds offer the flexibility to receive the tax-deduction one year, while granting to nonprofits over several years.

Giving Network

The Cradle to Career Giving Network offers the opportunity to directly participate in strategic philanthropy to benefit children and families from Aspen to Parachute. Our Giving Network members engage in facilitated learning opportunities throughout the year and annually grant their pooled funds to organizations and areas where they believe will have the greatest impact.

Ultimate Ski Pass

Ultimate Ski Pass honors a 41-year partnership with Aspen Skiing Company through a limited number of one-year fully transferable ski passes. The funds raised from the sale of these exclusive passes benefit youth from Aspen to Parachute by supporting ACF's Cradle to Career Fund.

Blue Lake Preschool

SUPPORTING ACF'S MISSION

Cradle to Career

Gifts to ACF's Cradle to Career Fund support our collective impact work with the region's nonprofits. Our strategic efforts, grantmaking, and partnerships strengthen youth outcomes and help youth and families from Aspen to Parachute thrive.

ACF's Endowment

The strategic goal for ACF's permanent endowment fund is to provide a reliable source of operational support.

IRA Charitable Rollover

Individuals 70 ½ and older are eligible to roll over up to \$100,000 annually from an IRA to ACF, a qualified charity, without being taxed. At this time, per current IRS rules, gifts to donor advised funds do not qualify.

Planned Giving

Donors can leave a legacy that will support the causes they care about through their estate planning decisions. There are an infinite number of possibilities to align your personal legacy with your financial goals and needs. Bequests, charitable remainder trusts, and gifts of life insurance are among ways to support ACF.

Colorado Child Care Contribution Tax Credit

When you give to the Early Childhood Fund at Aspen Community Foundation, your gift qualifies for the Colorado Child Care Contribution Tax Credit. These qualified contributions promote child care in Colorado and allow taxpayers to claim a Colorado income tax credit up to \$100,000 per year for 50% of the total contribution.

AmazonSmile

Select Aspen Community Foundation as the recipient organization prior to making a purchase. ACF will receive 0.5% of the purchase as a donation.

ReFUND Colorado

Donors can decide to donate some or all of their tax refund to one or more Colorado-registered nonprofits, including ACF.

I have a long and meaningful connection to Aspen Community Foundation and have seen the thoughtful approach the Foundation takes to support the region's nonprofit organizations and build community through its Cradle to Career Initiative. I want to help the Foundation meet the needs of future generations in the Aspen to Parachute region, so I am recommending that any remaining funds in my donor advised fund be added to ACF's endowment. - Ruth Owens
